Ghiesal, Flesheric Charles J. Ghiesal, Flesheric C. Standard, Sin, is on exhibition in the Medical Museum, which has been removed by the statement of Deputy Warden Russ, of the District jail, to the effect that the body was buried under the floor of the laundry-room of the jail, just to the east of the engine-room. The flooring was removed and agrave dug sufficiently det. After the burial the floor was restored and rooting was said about the grave. Dr. Ricks, to whom Guiteau bequeathed his body by will, conducted the burial service. What be came of the brains and other organs of the assassin, which were removed at the autopsyheld immediately after the execution, Air, Russ does not know except that the spleen is on exhibition in the Medical Museum. Whatever else is left of the man who murder a President Garfield lies beneath the floor of the laundry room of the jail.

YHARLY INCOME OF THE PRESIDENT-There is a general idea that the President's salary of \$50,000 a year is all that he receives, and that when compared with the salaries paid the sovereigns of Europe the sum salaries paid the sovereigns of Europe the sum is not enough. This is a mistake. In addition to his salary the President receives \$36,094 to pay the salaries of his clerks and subordinates. His private secretary has \$3,250, his assistant secretary \$2,250, the stemographer gets \$1,800, each of the messengers \$1,200, the steward \$1,800, each of the two coorfeepers \$1,200, while other employes are paid in proportion down to the man who takes care of the fires, who receives \$86.4. In addition \$8,000 is allowed for incidentals, such as stationery and carpers, \$12,500 for repairs dition \$8,000 is allowed for incidentals, such as stationery and carpets. \$12,500 for pairs and refurnishing, \$2,50 for ruel, \$4,000 for the greenhouse and \$15,000 for the stable, gas and other incidentals. In all the President and his house cost the the country more than \$125,000,—San Francisco Argonaut.
